## Applying for 2024 Recognition

HIMSS recognizes chapters that have had a strong impact on their geographical region in a meaningful way through the works of the chapter to produce health information and technology-centered events, education, initiatives, collaborations, advocacy, and more. The Chapter Recognition levels spotlight the amazing work dedicated volunteers perform every year and illustrate the impact chapters have on the HIMSS mission and the chapter program. Chapter size will be considered when reviewing the applications.

- Submission open August 1, 2024, to November 1, 2024
- Deliverables based on July 1, 2023, to June 30, 2024 term
- Submit: <https://forms.office.com/r/WZ3hQAxL4R>

### Bronze Level

Chapter Engagement team verifies, no nomination needed.

- Chapter must be in good standing for the full fiscal year.
- Meets the minimum requirements: offer ten education hours, distribute four communications, and hold four board meetings.
- Meet all expectations established through the HIMSS Governance and Policy Manual.
- Submitted the complete HIMSS Accountability Reporting components by each deadline.
- Chapter board members actively participate in HIMSS webinar trainings (a minimum of two board members attend two trainings).

## Silver Level

To achieve Silver Level recognition the chapter must meet Bronze level. A short essay is required to justify why the chapter has accomplished this level of recognition.

- Engagement
  - Maintain an up to date and engaging website. Only utilize current HIMSS branding.
  - Offers outstanding value to members through events, education, innovative initiatives, and collaboration with HIMSS chapters and like-minded organizations.
  - Utilizes Global Healthy Equity Week and Global Health Conference marketing toolkit to promote engagement of global HIMSS initiatives.
  - Regularly engage with members through email and social media channels.
  - Actively engages in member recruitment and retention efforts.
  - Outreach to students through mentorship, scholarship, or other engagement opportunities.
- Board Management
  - Chapter has an onboarding process for making all members feel welcomed and gives opportunities to engage and volunteer.
  - Chapter has established a successful board orientation and transition program that includes training new leadership and provides peer-to-peer mentorship.
  - Follow financial management best practices.
  - Clear committee structure to cultivate volunteer pipeline and engage members in all facets of chapter development, including micro-volunteer opportunities.

## Gold Level

To achieve Gold Level recognition the chapter must meet Bronze and Silver levels. A short essay is required to justify why the chapter has accomplished this level of recognition.

- Local Impact
  - Chapter has made a positive health IT impact in the chapter territory.
  - Chapter adjusts to change by innovating programs and improving processes year over year.
  - Leads initiative or program that provides additional value to members.
  - Hosted an event during Global Conference.
- Positive Outcomes
  - Supports succession planning by engaging members and volunteers at different engagement and professional levels.
  - Provides positive volunteer experience and board relations for all volunteers.
  - Shown growth in chapter membership through meeting or exceeding membership recruitment and retention goals.
  - Utilizes OA ambassadors to engage with local organizations and maintain current relationships.

## PROPOSED CHAPTER BYLAWS AMENDMENT BACKGROUND AND ANALYSIS

### **BACKGROUND**

In 2019, the Chapters Task Force and several additional chapters asked HIMSS to consider several substantive and clarifying changes to the Chapter Bylaws during its next review cycle. HIMSS Chapter Engagement, Legal and the 2024 Chapters Taskforce have revisited these initial recommendations and have been working together to bring these recommendations forward for the good of the order. The recommendations summarized below reflect collective feedback over the last 5 years, updated language to allow for more modern business practices, and different options to empower chapters with increased flexibility to engage their members in ways that best meet their needs.

The new template is for US Chapters. The Canadian and India chapters will be updated in a similar fashion, pending the approval of the Task Force's recommendations.

### **ANALYSIS:**

Periodically reviewing and updating the bylaws is important for several reasons:

1. **Legal Compliance:** Laws and regulations change over time. Regularly updating the bylaws ensures the Society remains compliant with current legal requirements, reducing the risk of legal disputes or penalties.
2. **Improving Governance:** Revising the bylaws allows HIMSS chapters to adopt best practices, enhance decision-making processes, and engage members.
3. **Addressing Ambiguities:** Over time, ambiguities or inconsistencies have been identified. Regular reviews help HIMSS clarify language and ensure that the bylaws are clear and unambiguous.
4. **Risk Management:** Outdated bylaws can expose a company to risks, including governance issues and potential conflicts among stakeholders. Regular updates help to mitigate these risks.

5. **Facilitating Business Operations:** Streamlined and up-to-date bylaws contribute to smoother operations by clearly defining roles, responsibilities, and procedures, which can improve efficiency, decision-making, and, ultimately, help drive HIMSS's mission.

**The following provides an explanation for the proposed changes:**

#### Article 1 – Name, Purposes and Territory

- 1.1 Separate bylaws will be provided for US, Canadian and India chapters.
- 1.2 Purpose. Broadened the language to reflect more accurately all the activities chapters undertake to engage members and promote HIMSS's mission; Added a link to HIMSS's Policies and Procedures for convenience.

#### Article 2 – Membership

2.1 Updated to reflect current practices. HIMSS members in good standing may select their own chapter, instead of being assigned to a chapter by HIMSS. This process was updated based on feedback from chapter members who often work remotely for companies outside of their residential areas.

2.2 Provided a link within the bylaws to the HIMSS Code of Ethics.

Clarified that Chapter Only members shall be afforded all privileges of Regular Members except the right hold elective office.

2.3 Defined each membership category, including Regular, Student, Retired, Life and Member Emeritus, in accordance with the HIMSS Bylaws definitions.

2.4 Defines Voting Members as Regular Members, Chapter-Only, Life Members and Members Emeritus.

2.6 Clarified the grounds and procedures for discipline. A majority of the Chapter voting members, instead of the HIMSS Board of Directors, may discipline a member and provide written notice to HIMSS. HIMSS reserves the right to discipline a Chapter member in its sole discretion, based on the grounds for discipline described in the bylaws.

#### Article 4 – Membership Meetings

4.2 Special meetings may be called by the President, a majority of the Chapter Board of Directors, or at the written request of 10% of the Chapter's voting members. The time and place for holding special meetings shall be determined by the Chapter Board of Directors.

4.7 Electronic meetings – updated language to allow virtual meetings.

4.8 Mail and Proxy Voting – updated language to allow email voting in place of regular mail voting.

#### Article 5 – Chapter Board of Directors

5.1 Clarified that the Chapter Board of Directors has operational control of chapter affairs within the limits of the chapter bylaws, HIMSS bylaws and HIMSS Policies and Procedures. Chapter Policies and Procedures may not contradict the affiliate agreement, HIMSS Policies and Procedures, or HIMSS Bylaws.

5.2 Revised to give the chapter flexibility by making the Immediate Past President position optional.

5.4 Revised to give the chapter flexibility to set the length of terms and corresponding term limits; Chapter shall notify HIMSS of Directors' terms.

5.7 Allows for virtual meetings; simplified language by referring to the Notice section.

5.14 Resignation and Removal. Resigning Directors shall submit resignations to the Chapter and HIMSS vs. Chapter only. Directors who have violated the HIMSS Code of Conduct may be removed by a 2/3 majority vote of the Chapter, instead of having to petition HIMSS to remove the Director.

5.15 HIMSS may fill vacancies on the Chapter Board of Directors at its discretion, if the Chapter is unable or unwilling to do so.

Article 6 – Ethics and Discipline. The HIMSS Code of Ethics is now linked in the Bylaws and grounds and procedures for discipline have been moved to a separate policy.

6.3 Elections and Terms. Term lengths shall be established by the Chapter, except no Officers may serve no more than 4 years in the same office without HIMSS's approval.

6.4 Vacancies. HIMSS may, in its discretion, fill vacancies outside of the election cycle if the Chapter is unable or unwilling to do so.

#### Article 7 – Committees

7.2 Clarified committees' authority. Committees may be established Chapter's Board of Directors resolution, which shall describe the purpose and duration of the committee. Committees may not have the full authority of the Board to act.

7.3 Composition – removed President's authority to appoint all committee members. Committee members shall be appointed by a 2/3 majority vote by the Board.

7.5 Vacancies on committees may be filled by appointment by a 2/3 vote by the Chapter Board or by HIMSS whenever it is in the best interest of the chapter or HIMSS.

7.6 The chapter may develop and approve its own policies and procedures, as long as they don't conflict with HIMSS bylaws, etc.

#### Article 9 – Contracts, Checks, Deposits and Bonding

9.1 Updated to allow electronic deposits. HIMSS recommends a minimum of two Chapter Board Members sign checks.

#### Article 10 – Financial Matters

10.4 Financial Review. Chapters shall conduct an annual financial review by an outside auditor or through a Financial Review Committee, as directed by HIMSS. HIMSS may conduct an audit at any time.

#### Article 12 – Amendments to Bylaws

13.1 A chapter may only amend its bylaws with a 2/3 majority vote of its voting members. The Chapter must use the HIMSS-approved standard template.
